

Pete Wilson

GARDEN DESIGNER &
SOFT LANDSCAPER

07539 065 608

hello@plantedgardens.co.uk

I'm a garden designer / gardener from Cornwall, based in Brighton. I'm happiest when I'm creating contemporary, sustainable gardens that meld old ideas with new. Outside of work, I love music, art & architecture, and growing organic veg on my allotment. One careful lady owner.

Current Role

PLANTED GARDENS

OWNER

2017-Current

I started my garden maintenance & design business, Planted Gardens, in 2017 and it's growing all the time. I've got a solid list of regular clients, from city courtyards to sprawling country estates, celebrity mansions and more. As the owner / operator I handle soft landscaping and maintenance, design work, the carpentry side of hard landscaping, and deal with all the client facing and administrative side of the business. I also work as a trusted subcontractor for other gardeners, covering busy periods, bigger jobs and holiday cover.
